SUBJECT: RESOLUTION AUTHORIZING SUBMISSION OF APPLICATIONS FOR USED OIL RECYCLING BLOCK GRANTS

Members of the Board:

On June 25,2002, your Board adopted a resolution authorizing submission of annual used oil recycling block grants to the California Integrated Waste Management Board (CIWMB). Your action allowed the continuation of the regional oil recycling program that the Public Works Department has administered in conjunction with the four city jurisdictions since 1995.

For the upcoming 2003/2004 fiscal year the cities of Capitola, Santa Cruz and Scotts Valley are prepared to join the County in another year of this successful oil recycling program. The City of Watsonville recently informed staff that it has decided to apply for used oil block grant funds on its own this year and not participate in joint oil recycling efforts with the other county jurisdictions.

For grant applications that involve multiple jurisdictions, the CIWMB requires that the lead jurisdiction submit a resolution supporting the submission of the grant application and authorizing the lead agency to administer the grant on behalf of all the participating jurisdictions. Because of the recent change in participants in our regional program for the upcoming year, the resolution your Board adopted June 2002 that specified the partnering jurisdictions at that time, will not be accepted by the CIWMB. A new resolution, which references the participating jurisdictions by inclusion of their letters of authorization to participate, is attached for your consideration.

It is therefore recommended that the Board of Supervisors adopt the attached resolution authorizing the Director of Public Works to submit regional applications for Used Oil Block Grants to the California Integrated Waste Management Board on behalf of the County of Santa Cruz and participating city jurisdictions through June 30,2008.

Yours truly,

THOMAS L. BOLICH
Director of Public Works
