SANTA CRUZ COUNTY BOARD OF SUPERVISORS
701 Ocean Street
Santa Cruz, California 95060

SUBJECT: BUENA VISTA DRIVE SANITARY LANDFILL, RECYCLE CENTER

Members of the Board:

Your Board previously rejected all bids for the subject project on March 27,2007, and directed Public Works to return on this date with revised plans and specifications. A set of plans and specifications for construction of the Buena Vista Drive Sanitary Landfill, Recycle Center improvements have been placed on file with the Clerk of the Board for your consideration and approval. Revisions have been made to the project clarifying quantities for several of the bid items and providing for an alternate bid without the planned pole barn structure, both of which we anticipate will result in improved bids. This project includes general site demolition, excavation and grading; construction of new retaining walls and loading pits; fencing and safety gate installation, asphalt replacement and resurfacing at the landfill entrance; and electrical upgrades for bailers and processing equipment.

The engineer's estimate for this project is $1,602,000. Due to a number of project changes to address seismic upgrades that occurred after budget preparation, the line item budget for this project included in the 2006/2007 CSA 9-C Refuse Budget was only $1,300,000. However, we will realize approximately $350,000 in savings over the budgeted amount for the Buena Vista Landfill, Module 4B project that is nearing completion. Budgeted funds for this project, plus savings from the landfill expansion project, are sufficient for this purpose. Pursuant to the Board approved fee schedule, the charge to the contractor for this project will be $35 per plan set.

It is therefore recommended that your Board take the following actions:

1. Approve the plans specifications and engineer's estimate for construction of the Buena Vista Drive Sanitary Landfill, Recycle Center and authorize calling for bids.

2. Set the bid opening for Thursday, May 31,2007 at 2:15 p.m. in the Public Works Department.

3. Direct Public Works to return on or before June 19,2007 with a recommendation for award of the contract.

4. Direct the Clerk of the Board to advertise the attached "Notice to Contractors" for ten consecutive days beginning May 6,2007 in accordance with the provisions of the State Contract Act.

Yours truly,

THOMAS L. BOLICH
Director of Public Works
