Dear Voter,

The November 6 ballot features contests for Governor, statewide offices, confirmation of two Supreme and Appellate court justices, 4th District County Supervisor, as well as contests for city council, school boards, fire boards, water boards, and more. In addition, there are 11 state propositions and 13 local measures. Only those local measures that impact where you live will appear on your ballot.

We have a big ballot in November 2018 with lots of different contests. We want to remind you that voting is not a test. You do not have to vote on every contest.

In November, all voters will receive the same ballot regardless of your political party or no party registration.

Some contests allow for write-in candidates and others do not. The law does not allow write-ins for the voter-nominated offices of statewide offices like Governor, US Senate, US Representative, and State Assembly.

You will find a lot of information in this guide to help you make your decisions. You can also find information on our website at www.votescount.com. In addition, there is another great website, www.votersedge.com, where candidates can post information about themselves free of charge.

If you are signed up to be a permanent vote-by-mail voter, we will automatically mail you a ballot on October 9. Be aware that mail can take 3 to 7 days for delivery.

To improve your voter experience, we have the following information:

• Postage is paid on the vote-by-mail ballot envelopes.

• Instead of mailing your ballot, we encourage you to drop it off at one of the ballot drop boxes available 24/7 – locations are listed in this guide and on our website at www.votescount.com.

• If you know someone who missed the October 22 deadline to register to vote, they can still register and vote up to and including Election Day at the County Government Center, Watsonville City Clerk’s Office, or UCSC. Check our website at www.votescount.com for more information.

We are here to help and answer your questions. Please call us at 831-454-2060 or email info@votescount.com.

Your vote counts! Thank you for being a voter!

Estimado votante,

La boleta del 6 de noviembre incluye contiendas para gobernador, oficinas del estado, confirmación de dos jueces del Tribunal Supremo y de apelación, supervisor del Condado del distrito cuatro, así como contiendas para Concejo Municipal, juntas escolares, juntas de bomberos, juntas de agua, y más. Además, hay 11 proposiciones estatales 13 medidas locales. Solo las medidas locales que impacten donde usted vive aparecerán en su boleta electoral.

Tenemos una boleta grande en noviembre de 2018 con muchos concursos diferentes. Queremos recordarles que votar no es una prueba. No tiene que votar en todos los concursos.

En noviembre, todos los votantes recibirán la misma boleta sin importar su partido político o registros sin partido político.

Algunas contiendas permiten candidatos por escrito y otras no. La ley no permite candidatos por escrito para las oficinas nominadas por los votantes de las oficinas estatales como gobernador, Senado de los Estados Unidos, representante de Estados Unidos, y la Asamblea estatal.

Si esta registrado para ser votante permanente por correo, automáticamente le enviaremos una boleta electoral el 9 de octubre. Tenga en cuenta que el correo puede tomar 3 a 7 días para la entrega.

Para mejorar su experiencia como votante, tenemos la siguiente información:

• Gastos de envió para votar por correo son prepagados.

• En lugar de enviar su boleta por correo, lo animamos a dejar su boleta en uno de los buzones para boletas electorales disponibles las 24 horas, 7 días de la semana – las localidades se enumeran en esta guía y en nuestra página web en www.votescount.com.

• Si usted conoce a alguien que perdió el plazo el 22 de octubre para inscribirse para votar, aún pueden registrarse y votar hasta e incluyendo el día de las elecciones en el centro de gobierno del Condado, oficina de la Secretaria Municipal de Watsonville o UCSC. Visite nuestro sitio web en www.votescount.com para obtener más información.

Estamos aquí para ayudar y responder a sus preguntas. Por favor llámenos al 831-454-2060 o correo electrónico info@votescount.com.

How to vote with a paper ballot

At the polling place, you can choose to vote on a paper or touch screen ballot.

Mark your ballot

Draw a single line to connect the head and tail of the arrow that points to your choice.

Use only a blue or black ballpoint ink pen. Do not use red ink pens, Sharpies, markers or any other type of pen.

Do not sign your name on your ballot, write your initials, or write any other words or marks on your voted ballot.

To vote for a qualified write-in candidate, write their name on the blank line at the end of the list of candidates. Then connect the arrow pointing to that name.

A list of qualified write-in candidates is available at the polling place on Election Day. The list is posted on our website at www.votescount.com 13 days before the election.

Check your ballot carefully

If you make a mistake ask a poll worker for a new ballot or follow the instructions in your ballot packet.

Don’t vote for too many.

Vote for the number allowed.

Always connect the arrow, even on a write-in vote.

Cast your ballot at the scanner

After you have marked your ballot, take it to the scanner and insert your ballot.

If you made a mistake, such as voting for too many candidates, the scanner will eject your ballot so you can correct it.
How to vote with an electronic ballot

At the polling place, you can choose to vote on a touch screen or paper ballot. With touch screen voting, all voters – including those with disabilities – can vote privately and independently.

1. Tell the poll worker you want to use the touch screen
   - The poll worker will give you a ticket.
   - Take it to the touch screen area.
   - When it’s your turn, a poll worker will activate the screen so you can vote.

2. Mark your ballot
   - Touch the box next to your choice. A green check mark will appear.
   - To change your vote, touch that choice again. The green check mark will disappear.
   - To vote for a write-in candidate, touch the box that says WRITE-IN. A keyboard will pop up. Type the write-in candidate’s name, then touch OK.

3. Review your votes
   - Touch the screen to print and review a paper record of your votes.
   - If you want to make changes, you can start again.

4. Cast your vote
   - Touch the screen to cast your ballot.
   - Protect your vote. Do not leave the voting system until you see the green “Thank you” screen that says your vote has been recorded.
Accessible Voting

At the polling place

To check polling place accessibility, look for the wheelchair symbol on the back cover of this pamphlet. If your site is accessible, next to the symbol you will find the word Yes.

In some polling places, temporary thresholds, ramps, signage, cones, and door props, are used to improve access to the facility.

Curbside voting

If your polling place is not accessible, you may vote on a paper or an electronic ballot from a nearby accessible location, including a car. A poll worker will qualify you to vote and will return the voted ballot to the polling place.

To request curbside voting assistance, you can:
• call in advance to coordinate a time and place
• have an assistant make the request inside the polling place

Accessible voting system

Each polling place in the county has a touch screen voting system with:
• an audio option that reads the ballot to you
• a universal plug for personal assistive device
• large print (24 points)
• a choice of English or Spanish

A ride to your polling place

We can arrange to have an accessible van pick you up and take you to the polls to vote. Please call prior to Election Day to make an appointment.

Ballot delivery to your home

How to vote in a General Election?

In the November General Election, all voters receive the same ballot, no matter what political party you are registered with, or if you have no party preference. The address where you are registered to vote determines which contests are on your ballot.

In the June Primary Election, all Californians were able to vote to decide which candidates for federal, state, and county offices moved on to the November General Election. Most candidates for county offices in June received enough votes to be elected without having to be in a run-off in November.

Cómo votar en una elección general?

En la elección general de noviembre, todos los votantes reciben la misma boleta, no importa con cual partido político está registrado, o si usted no tiene ninguna preferencia por un partido. La dirección en la que está registrado para votar determina qué concursos aparecen en su boleta.

En las elecciones primarias de junio todos los californianos pudieron votar para decidir qué candidatos para las oficinas federales, estatales y condados pasarían a la elección general de noviembre. La mayoría de los candidatos de las oficinas locales del condado en Junio recibieron los votos necesarios para ser elegidos, sin tener que estar en unas selecciones de vuelta en noviembre.

When a majority of Americans believe the next generation will have fewer opportunities than they have, we’ve got work to do. My goal is to restore confidence in our children’s future. The problem is too familiar: kids who grow up here find jobs, but they can’t afford homes close to them. We say we value education, but don’t take the steps necessary to make schools safer or higher education affordable. Congress can’t fix it all, but I’m doing my part to make progress. I organized the community and the FAA to reduce airplane noise, worked with FEMA to repair storm damaged roads and preserved the national monument status of treasured coastal lands. Quality of life matters.

Nothing matters more than children’s safety. That’s why I voted to ban assault weapons, oppose bump stocks and support comprehensive background checks. Mental health screening is part of the solution, but arming teachers with guns is not. Affordable higher education creates more opportunity. I support no-interest government loans for college students and believe those carrying student loan debt should be able to refinance at no interest. Government shouldn’t profit from developing the nation’s talent. Immigrants make our nation stronger. Let’s establish paths to citizenship for “Dreamers” and reform our immigration system now. I’m committed to protecting Social Security, Medicare and affordable healthcare. Proud that Presidents Clinton, Bush and Obama signed 40 of my bills into law. All this requires hard work, but our country is worth it.

Cuando la mayoría de los estadounidenses piensan que la próxima generación tendrá menos oportunidades, tenemos trabajo que hacer. Mi objetivo es restaurar la confianza en el futuro de nuestros hijos. El problema es demasiado familiar: los niños que crecen aquí encuentran trabajo, pero no pueden pagar viviendas que les queden cerca. Decimos que valoramos la educación, pero no tomamos los pasos necesarios para que las escuelas sean más seguras ni para que la educación superior sea asequible. El Congreso no puede solucionar todo, pero estoy haciendo mi parte para que podamos progresar. Organicé la comunidad y la FAA para reducir el ruido de los aviones, trabajé con la FEMA para reparar las carreteras que habían sido dañadas por la tormenta y protegi el estatus de monumento nacional de las valiosas tierras costeras. La calidad de vida es importante.

No hay nada más importante que la seguridad de los niños. Es por eso que voté para prohibir las armas de asalto, oponerme a los aceleradores de disparos y apoyar las averiguaciones de antecedentes exhaustivas. Los exámenes de salud mental son parte de la solución, darles armas a los docentes no. Una educación superior asequible crea más oportunidades. Apoyo los préstamos gubernamentales sin interés para los estudiantes universitarios y creo que aquellos que tienen deudas de préstamos estudiantiles deben poder refinanciarlas sin interés. El gobierno no debería ganar dinero con la formación de talentos nacionales. Los inmigrantes fortalecen nuestro país. Hay que establecer caminos a la ciudadanía para “Dreamers” y reformar nuestro sistema de inmigración ahora. Estoy comprometida con la protección de la Seguridad Social, Medicare y una atención médica asequible. Orgullecida que los Presidentes Clinton, Bush y Obama hayan firmado 40 de mis proyectos de leyes y los hayan convertido en leyes. Todo esto exige mucho trabajo, pero nuestro país lo vale.

Vicki L. Nohrden
Party Preference: Republican
Businesswoman/Court Appointed Special Advocate for Children [www.vickinohrden2018.com]

We all have seen how poor legislative decisions have negatively impacted our families, businesses, and communities. It’s time to say enough is enough! I’m Vicki Nohrden, and I want to serve you in our State Assembly to help make change for the better. It’s time to stop the endless cycle of higher taxes, increased rules and regulations, and less opportunity for working families.

Former general fund budget items for schools, infrastructure, highways, parks, and maintenance are now funded with special taxes, assessments, bonds, and fees, while the general fund now is burdened with social services, environmental regulations, and entitlements. For the last two decades the current administration has held the overwhelming majority of the state legislature, and they’ve had the governor’s office for 8 years. Thanks to high tech, agriculture, tourism and other industries in the private sector, we’ve enjoyed a strong economy. Yet this same majority political power block has squandered this economic power and we now have the highest levels of poverty and homelessness in the nation; ranked either the lowest or in the bottom 5 in virtually all education ratings, along with the lowest standard of living and now the highest taxes.

This is not about politics or ideology. It's about mismanagement of resources. The economic driver that we are blessed to have is being squandered with poor judgment, poor management, and poor performance. Is poor performance worth re-electing year after year? Let’s try something new. I’m Vicki Nohrden, I’d be honored to earn your vote.

Mark Stone
Party Preference: Democratic
Assemblymember

For nearly twenty years, I have fought to improve the quality of life in California as a School Board Member, County Supervisor, Coastal Commissioner and your Assemblymember. In 2012, you sent me to Sacramento to advocate for the rights of people in the 29th Assembly District and across our state.

During my service in the Assembly, my priorities have been clear: protecting the most vulnerable Californians and protecting our environment. I am engaged in comprehensive reforms to help foster youth grow up in supportive homes; leading the movement to create a state Earned Income Tax Credit to lift the state’s poorest working families out of poverty; and improving access to justice in the court system. I have written many laws to improve public safety, especially by helping people released from prison successfully integrate into their communities, and decrease their chances of reoffending. As a dedicated environmentalist, I steadfastly support critical environmental protections, advocating for landmark climate-change laws, and laws to provide clean drinking water, increase water recycling, improve groundwater management and decrease plastic pollution. I provide a leading voice in the effort to protect our oceans as we adapt to a changing climate.

It is an honor to have the support of so many elected officials, respected business leaders, education, and health care professionals and the environmental community. I hope that I have earned your vote. Learn more at www.FriendsOfMarkStone.org.

Mark Stone
Preferencia de Partido: Demócrata
Miembro de la Asamblea

Por casi veinte años, he luchado para mejorar la calidad de vida en California como Miembro de la Junta Escolar, Supervisor del Condado, Comisionado Costero y Asambleísta. En 2012, usted me envió a Sacramento para abogar por los derechos de la gente en el Distrito de Asamblea 29 y en todo nuestro estado.

Durante mi servicio en la Asamblea, mis prioridades han sido claras: proteger a los ciudadanos de California más vulnerables y proteger nuestro medio ambiente. Estoy comprometido con reformas integrales que ayuden a los jóvenes en cuidado sustituto a crecer en hogares receptivos; liderar el movimiento para crear un Crédito Tributario al Ingreso Obtenido estatal para sacar de la pobreza a las familias trabajadoras que menos tienen en el estado; y mejorar el acceso a la justicia en el sistema judicial. He redactado muchas leyes para mejorar la seguridad pública, especialmente ayudando a las personas liberadas de prisión para que se integren exitosamente en sus comunidades, y reducir las posibilidades de reincidir. Como ambientalista dedicado, apoyo firmemente protecciones medioambientales fundamentales, abogó por leyes relevantes sobre el cambio climático, y leyes para proporcionar agua potable, aumentar el reciclaje de agua, mejorar el manejo del agua subterránea y disminuir la contaminación por plástico. Ofrezco una voz líder en el esfuerzo para proteger nuestros océanos a medida que nos adaptamos a un clima cambiante.

Es un honor contar con el respaldo de muchos funcionarios electos, líderes respetados en el ámbito de los negocios, la educación y la atención de la salud, y de la comunidad de ambientalistas. Espero haberme ganado su voto. Conozca más en www.FriendsOfMarkStone.org.

J. Dan Rothwell
Retired College Teacher 831-689-0332 jdanrothwell@gmail.com

In recent years, the state legislature has created regulations that divert from the original Master Plan for community colleges in California; steadily removing “community” from community colleges, restricting access to courses especially in art and music, and reverting to an old junior college model. The value of lifelong learning has also been devalued. College boards must mount a serious campaign to reverse these trends. Affordability of a college education is also a critical issue that merits constant attention.

My credentials for this position include: 47 years as a Communication Studies college professor; 30 years as chair of the Communication Studies department at Cabrillo College; 22 years on the Faculty Senate; 10 years on the College Planning Council; 10 years on the Cabrillo College Federation of Teachers Council. I am an award-winning teacher and textbook author. My service on the Santa Cruz Metro Transit Board provides insight into the importance of accessible transportation for Cabrillo College students. I am open-minded, which I define as letting the best reasoning and evidence guide my decisions. Although recently retired, I remain passionately committed to our phenomenal community college. Please vote for an educator for the Cabrillo College Board of Education.

Voting for judge of the California Supreme Court or Appellate Court

Justices of the Supreme Court and the Appellate Court are subject to confirmation by the voters under the California Constitution. You may vote “Yes” or “No” on whether to retain each justice on your ballot.

The offices are nonpartisan. To be eligible to serve in either position, a person must have practiced law for at least 10 years.

How to become a Supreme or Appellate Court Justice

Before a person can become an appellate or supreme court justice, the Governor must submit the person’s name to the California State Bar’s Commission on Judicial Nominees Evaluation, which is comprised of public members and lawyers. The Commission conducts a thorough review of the candidate’s background and qualifications and forwards an evaluation to the Governor.

The Governor then reviews the commission’s evaluation and officially nominates the candidate. The judicial nominees are then reviewed by the Commission on Judicial Appointments, and public hearings are held. The Commission on Judicial Appointments must then confirm or reject the nomination. Only if confirmed does the nominee become a justice.

Following confirmation, the justice is sworn into office and is subject to voter approval at the next election where the Office of Governor is on the ballot. Justices are subject to confirmation of the voters every 12 years. However, if part of the term was served before the position became vacant, the justice serves the uncompleted part, either four or eight years. At the end of that term, the justice again must be confirmed by the voters at a general election to begin a new term.

California’s state appellate justices receive appointments for a specific term and never receive a life-long appointment. Only judges nominated by the President of the United States to Federal Courts are appointed for life and are never voted upon by the citizens of any state.

Arguments and replies are the opinions of the authors. We print them exactly as submitted, including errors.

Argument for Measure G

Santa Cruz County residents value the protection for themselves and others through effective police, fire, emergency and social services; a clean environment and parks programs serving youth, adults and seniors; and quality, fiscally responsible government services.

By reducing employee retirement and pension costs, growing fiscal reserves and spending wisely, County government boosted its bond ratings, augmented existing services and started down the road to recovery from 2017 winter storm damage.

However, additional mental health and homeless outreach and intervention services are needed, and unmet needs for seniors and public safety have to be addressed. New local funds for parks could leverage millions more in grants and private donations. **Measure G will help Santa Cruz County address our critical unmet needs while providing for effective community investments.**

Measure G would tax sales in the unincorporated area only, and levels will still be at or below other local cities. Because all residents would benefit from the funding, all residents are being asked to vote on the measure.

Priorities for Measure G funds include new year-round North and South County homeless shelters, a public safety and behavioral health outreach team to address individuals suffering from mental health and substance use disorders and the completion of LEO’s Haven the County’s first all-inclusive playground for children of all abilities.

Funding for the new Felton Nature Park; completion of Mid-County’s Farm Park; upgrades at Aptos Village Park; funds for South County parks; repairs at Simpkins Family Swim Center and the expansion of youth and senior recreational opportunities are planned.

**Without these funds, our ability to rise together to meet these challenges would be limited.** Improving public safety, social services and critical infrastructure is consistent with the values and aspirations of the community. We urge you to vote Yes on Measure G. For more information visit [www.Yes-on-G.com](http://www.Yes-on-G.com)

Impartial Analysis of Measure G

Jason Heath, Chief Assistant County Counsel, County of Santa Cruz

If this measure is approved by a majority of those voting on it, the Board of Supervisors of the County of Santa Cruz will be authorized to adopt an ordinance enacting a temporary increase to the retail transactions and use tax ("sales tax") on retail transactions in the unincorporated area of the County. The sales tax increase would be imposed for a period of twelve years at the rate of one-half of one percent on retail transactions in the unincorporated area only. The current sales tax rate in the County of Santa Cruz is eight and one-half percent. Accordingly, if this measure is approved, the sales tax rate would increase to nine percent for twelve years. If approved, this measure is expected to take effect in or around April of 2019.

The revenue generated by this measure would be deposited in the County's general fund and used by the County to pay for general County operations and services including emergency response, sheriff, fire, parks, street maintenance, mental health services, affordable housing, homelessness programs, youth and senior programs and economic development.

This measure was placed on the ballot by the Board of Supervisors of the County of Santa Cruz.

A "yes" vote on Measure G is a vote to approve the increase in the sales tax.

A "no" vote on Measure G is a vote against the increase in the sales tax.

Fiscal Impact Statement of Measure G

Edith Driscoll, County Auditor-Controller

Sales Tax Rate Increase of One-Half Percent in unincorporated area for 12 years

The sales tax rate in the County of Santa Cruz is currently 8.50%, or 8.50 cents on every dollar. Of this amount, the County currently receives 1%, or one cent on every dollar for County Operations. These funds are used to pay for a variety of general County services such as Sheriffs, Parks, Homelessness Programs and Mental Health Services.

If approved by the voters, this measure would increase the total sales tax rate in the unincorporated area to 9.00% for 12 years and the County would receive an additional one-half percent (1/2%) for general County services.

The current 1% sales tax rate generated $11,514,343 for County Operations in the fiscal year July 1, 2017, to June 30, 2018. The proposed one-half percent (1/2%) increase in the local sales tax rate would annually generate an additional $5,757,171 to support general County services. This is an approximation of the amount that can be expected annually during the twelve-year period the tax would be in effect. Actual sales tax collections will vary from year to year depending upon economic conditions.

Distribution of the current 8.50% sales tax rate:
6.00% - Goes to State General Fund and Other State Funds
1.00% - Goes to County Operations
0.25% - Goes to County Transportation Funds
0.50% - Goes to Santa Cruz Metro Transit District
0.50% - Goes to Santa Cruz County Transportation Improvement Plan, Measure D
0.25% - Goes to the Library Authority

<td>The affordable housing crisis directly affects all of us in Santa Cruz County. It’s driving out many longtime local residents and preventing many young families from owning a home. Hardworking local teachers, service workers, farmworkers – and those who are working two jobs to make ends meet – are falling farther and farther behind. The local housing market continues to outpace any increase in income for too many of our neighbors. Some are leaving the county. Some have become homeless. When that happens – our community suffers. We all know someone impacted: friends, family, co-workers, neighbors – or ourselves. Measure H will provide funds directly to local communities – Santa Cruz, Watsonville, Capitola, Scotts Valley and the unincorporated County – to create more affordable housing opportunities.</td>

<td>We urge a NO vote on the $140 million “Affordable Housing Bond, Measure H” This is projected to cost all Santa Cruz County real property owners in principal plus interest a total of $273,768,000 for 35 years, until 2055-56.</td>
<td>With the housing crisis raging, Measure H provides real solutions for people living and working here in Santa Cruz County. To protect the integrity of our community, we can’t simply do nothing.</td>
</tr>
<tr>
<td>It is NOT justified to impose added Measure H indebtedness – to get affordable housing funds – that can be obtained by the better alternative of simply increasing Sales Taxes County-wide.</td>
<td>Measure H is well-crafted to provide fair and equitable housing solutions to our friends and neighbors who are struggling across Santa Cruz County – in the cities and unincorporated areas.</td>
</tr>
<tr>
<td>Proposed housing will ONLY be in incorporated cities of Santa Cruz, Capitola, Aptos, Scotts Valley and Watsonville. IT IS UNFAIR FOR RURAL RESIDENTS TO SUBSIDIZE CITY DWELLERS.</td>
<td>Don’t let opponents confuse you about Measure H does and doesn’t do.</td>
</tr>
<tr>
<td>This bond provides “No Tax Exemption for Seniors” our most vulnerable population. Increasing parcel taxes forces-out home owners and businesses. Property owners already pay an additional 10 taxes including measures/bonds, for library facilities and parks – increasing property taxes to thousands of dollars per year.</td>
<td>Measure H helps Santa Cruz County invest in our communities, helping farmworkers, first responders, teachers and healthcare workers. If our local workers cannot afford to live in the county, we all suffer.</td>
</tr>
<tr>
<td>The California legislature proposed a new State wide November ballot measure to allocate $3 billion for cities, counties, and non-profits to build housing, help homeless, and low-income families at risk. The Governor signed 15 housing bills providing funding for low-income housing development and shelter for the homeless. In addition the CA legislature placed two affordable housing bonds, on the November ballot.</td>
<td>It provides first time homebuyer funds for families living throughout the county, including unincorporated and rural areas. It also allows affordable backyard “granny” cottages to be built appropriately in all corners of our county.</td>
</tr>
<tr>
<td>It is not fair to impose this added and excessive $273,768,000 million Measure H, indebtedness upon real property owners—when the outcome of the November election on these other affordable housing bonds have not yet been determined.</td>
<td>Statewide measures are indeed part of the solution. The state directs dollars to help local communities – but those funds almost always flow to counties that have local housing matching funds.</td>
</tr>
<tr>
<td>Please Vote NO on Measure H – this is not the smart and balanced answer to solving affordable housing in Santa Cruz County.</td>
<td>Without affordable housing funds from Measure H, Santa Cruz County won’t get its fair share from the state.</td>

Impartial Analysis of Measure H
Dana McRae, County Counsel, County of Santa Cruz

This measure seeks voter approval to authorize the County of Santa Cruz (“County”) to issue and sell up to $140,000,000 in general obligation bonds, in one or more series, at an interest rate not to exceed twelve percent per annum. The purpose of the bonds is to raise funds for the acquisition or improvement of real property in order to provide affordable housing for populations that face challenges securing stable housing. People eligible for this housing include veterans, seniors, persons with disabilities, persons experiencing homelessness, persons with mental health illnesses or substance use disorders and persons with low and very low incomes. A portion of the proceeds will also be available for low and middle-income persons to purchase homes. The proceeds from the sale of the bonds may only be spent as described in the full text of Measure H which is printed in this pamphlet and not for any other purpose.

Measure H, if approved, would authorize an increase in the property tax rate in order to pay debt service on the bonds. The property tax increase would be based on assessed value, not market value. The best estimate of the average annual tax rate that would be required to fund the bond issue over the duration of the debt service is $12.21 per $100,000 of assessed value. The best estimate of the highest annual tax rate that would be required to fund the bond issue over the duration of the debt service is $16.77 per $100,000 of assessed value. The Tax Rate Statement printed in this pamphlet describes the tax rate in more detail.

In accordance with State law, the County would carry out accountability measures. If the measure is approved, the proceeds of the bonds must be deposited in a special account created by the County. The County must ensure that an annual report is prepared describing the amount of funds collected and expended, and the status of any project required or authorized to be funded by the bond proceeds. An Oversight Committee including citizen representatives will review the annual report each year to ensure fiscal accountability. An independent, external auditor will review the County’s spending of bond proceeds to further ensure fiscal accountability.

Pursuant to California law, this measure will become effective upon the affirmative vote of at least two-thirds of the qualified voters voting on this measure. Approval of this measure will also constitute approval of the provision of up to 1,041 units of affordable housing as required by Article XXXIV of the California Constitution.

This measure was placed on the ballot by the Board of Supervisors of the County of Santa Cruz.

A “yes” vote on Measure H is a vote to authorize the issuance and sale of up to $140,000,000 in general obligation bonds in order to provide affordable housing, to be secured by property taxes on property located within the County.

A “no” vote on Measure H is a vote to not authorize the issuance and sale of general obligation bonds.

Tax Rate Statement Measure H
Edith Driscoll, County Auditor-Controller Treasurer-Tax Collector

An election will be held in the County of Santa Cruz, State of California (the “County”) on November 6, 2018, to authorize the sale of not to exceed $140,000,000 in general obligation bonds of the County to mitigate the housing crisis by providing affordable local housing for working families and vulnerable populations including veterans, seniors, low- and moderate-income households, persons with disabilities, homeless individuals and families; and supportive housing for individuals suffering from mental health illnesses or substance use disorders. If the bonds are approved, the County expects to sell the bonds in two series over time. Principal and interest on the bonds will be payable from the proceeds of taxes levied upon taxable property in the County. The following information is provided in compliance with Section 9400-9404 of the Elections Code of the State of California.

1. The best estimate from official sources of the average annual tax rate that would be required to be levied to fund that bond issue over the entire duration of the bond debt service, based on assessed valuations available at the time of the election or a projection based on experience within the same jurisdiction or other demonstrable factors, is $0.01221 per $100 ($12.21 per $100,000) of assessed valuation. The best estimate of the final fiscal year in which the tax is anticipated to be collected is fiscal year 2055-56.

2. The best estimate from official sources of the highest tax rate that would be required to be levied to fund the bonds issued, based on assessed valuations available at the time of the election or a projection based on experience within the same jurisdiction or other demonstrable factors, is $0.01677 per $100 ($16.77 per $100,000) of assessed valuation. The best estimate of the year in which the highest tax rate will apply is 2026-27.
Local ballot measure: H

3. The best estimate from official sources of the total debt service, including the principal and interest, that would be required to be repaid if all the bonds are issued and sold, is approximately $273,768,000.

Voters should note the estimated tax rate is based on the assessed value (not market value) of taxable property on the County's official tax rolls. In addition, taxpayers eligible for a property tax exemption, such as the homeowner’s exemption, will be taxed at a lower effective tax rate than described above. Property owners should consult their own property tax bills and tax advisors to determine their property's assessed value and any applicable tax exemptions.

The attention of all voters is directed to the fact that the foregoing information is based upon projections and estimates only, which amounts are not maximum amounts and are not binding upon the County. The actual debt service, tax rates and the years in which they will apply may vary from those used to provide the estimates set forth above, due to factors such as variations in the timing of bond sales, the par amount of bonds sold and market interest rates available at the time of each sale, actual assessed valuations over the term of the bonds, and other factors. The date and amount of bonds sold at any given time will be determined by the County based on the need for project funds and other considerations. The actual interest rates at which the bonds will be sold will depend on conditions in the bond market at the time of sale. Actual future assessed valuations will depend upon the amount and value of taxable property within the County as determined by the County Assessor in the annual assessment and the equalization process.

BOND AUTHORIZATION

The Board of Supervisors of the County of Santa Cruz recognizes the existence of a housing crisis in Santa Cruz County: The rising costs of home ownership and the increasing cost of rental units throughout the county have resulted in housing insecurity and a persistently high number of homeless individuals within Santa Cruz County. The latest homeless count revealed a total of 2,250 homeless individuals in Santa Cruz County with 1,800 unsheltered.

In response to this housing crisis, the Board of Supervisors is placing a general obligation bond on the ballot to generate up to $140,000,000 to aid in the acquisition or improvement of real property in order to provide affordable local housing for working families and vulnerable populations including veterans, seniors, low- and moderate-income households, persons with disabilities, homeless individuals and families; and supportive housing for individuals suffering from mental health illnesses or substance abuse disorders. “Low-income” means households whose income does not exceed 80% of area median income. “Moderate-income” means households whose income lies in the range of 80% to 120% of area median income. The housing may be provided at below market rates.

A portion of the proceeds, not to exceed $119,000,000, with not more than $14,000,000 for first-time homebuyers, may be used to provide housing that is affordable for low- and moderate-income households; such portion may be used, by way of example only, for first-time homebuyers or to promote housing that is in proximity to employment.

Even though housing for working families and vulnerable populations is currently being built, the number of units available does not satisfy the projected demand within our community. The Board of Supervisors intends to distribute the new affordable housing units within the County and to leverage the resources acquired through this bond to attract both private and public matching funds, including from state and federal sources. Different forms of assistance for working families and vulnerable populations may be provided based on programs and spending as determined by the Board of Supervisors.

The Board of Supervisors views housing as a critical need of working families and vulnerable populations, without which individuals in these populations are unlikely to achieve any level of stability. Creating and improving housing for the County's working families and vulnerable populations is consistent with the County’s vision to promote a healthy, safe and more affordable community, the County's mission to deliver quality, data-driven services that strengthen our community and enhance opportunity, and the County’s goals in the area of Attainable Housing. The County is seeking to achieve this in a cost-effective way.

Approval of this general obligation bond proposition shall constitute the approval of the provision of up to 1,041 units of affordable housing as required by Article XXXIV of the California Constitution.

ACCOUNTABILITY SAFEGUARDS

Statement of Purpose: The specific purposes of the bond are to fund the acquisition or improvement of real property in order to provide affordable local housing for working families and vulnerable populations including veterans, seniors, low- and moderate-income households, persons with disabilities, homeless individuals and families; and supportive housing for
Local ballot measure: H

individuals suffering from mental health illnesses or substance use disorders. The proceeds of any bonds issued pursuant to this bond measure will be applied only to these specific purposes.

**Special Bond Proceeds Account:** The proceeds of the bonds issued pursuant to this measure shall be deposited in a special account created by the County.

**Annual Report:** The County will ensure that an annual report pursuant to Government Code section 53411 describing the amount of funds collected and expended, and the status of any project required or authorized to be funded, shall be filed with its governing body;

**Independent Oversight Committee:** An Oversight Committee including citizen representatives will be established and will review the annual report each year to ensure fiscal accountability.

**Independent and External Audit:** An independent, external auditor will review the County’s spending of bond proceeds to ensure accountability.

Election Security

Is your vote secure? YES!

Election security is a major concern at all levels of government. The end goal of election security is to deliver a process that is safe and secure, but is also fair, accurate and accessible. In California, at both the state and county level, there are a multitude of layered security protocols in place.

**Paper Ballots** – Santa Cruz County, along with all counties in the State of California, voters vote on a paper ballot or there is a voter-verified paper ballot record that is reviewed by the voter before casting their vote.

**No internet connections** – Voting systems are NOT connected to the internet.

**Testing** – Each unit of our voting equipment is tested prior to each election. All ballot scanners and all direct recording devices are tested for accuracy. We have an independent Logic and Accuracy Board that reviews our work and certifies the testing.

**Chain of custody** – Once the voting units pass testing, they are sealed with tamper-evidence seals and locks at all potential entry points. The units are checked out the Inspector for each polling place who will secure the voting equipment and ballots overnight. In the morning, two polling place clerks, other than the Inspector, will check in the equipment to ensure that all security seals are intact. If any seal is broken, the voting unit is retired, and a new unit will be brought to the polling place. At the end of the night, the equipment must be returned to a receiving center where all ballots, memory packs and results cartridges are securely checked in and verified.

**Audits** – After each election, we will conduct an audit of the polls to verify all paper ballots are accounted for as either a voted ballot or an unused ballot. We also audit the voting equipment to ensure all security seals are still intact. We do a 1% manual recount of all ballots (paper and voter-verified ballot records) making sure every contest is recounted. So, in some cases, if there are just 4 precincts, we will recount one precinct, so 25% of the vote will be recounted. If there are any discrepancies, the recount is escalated. If there is a close contest, we will recount every ballot cast before the Statement of the Vote is certified.

**Signatures checked** – Each vote by mail ballot is sorted to the precinct level for easy auditing and retrieval for a voter-requested recount. Each signature on every ballot is checked against the signature on record for the voter. If the signature does not compare, the voter is contacted so they can update their signature and we can count their vote. If the envelope is not signed, voters have eight days following the election to provide us with their signature on a form by email, FAX, delivery to our office or mail. Once we have the signature and it compares to the signature on record, we can count the ballot.

**Transparent** – All our processes are open to public observation. So, if you want to come watch what we do, please come by our office at 701 Ocean Street, Room 310 or our Operations Center at 2809 Mission Street. Call us at 831-454-2060 or email us at info@votescount.com for more information.
Kids – Take your parents to the Polls!

Students in grades K – 12 will have the opportunity to vote on many of the same issues and candidates as the adults. Ballots will be available at all the polling places in Santa Cruz County on Tuesday, November 6, 2018.

Kids will vote on real ballot issues with specially designed ballots for students. Ballots will be counted and results posted by Friday after the election on the Santa Cruz County Clerk’s website at www.votescount.com

A special thanks goes out to the 7th and 8th grade students and their teacher, Justin Trinh-Halperin, of Tierra Pacifica Charter School in the Live Oak community. They have put together the Kids Vote packets for each polling place and will count the votes after election night.
