SANTA CRU COUNTY BOARD OF SUPERVISORS

SUBJECT: IGHLAND WAY P.M. 6.90 STORM DAMAGE REPAIR PROJECT

Members o f the Board:

The plans and specifications (on file with the Clerk of the Board), and the engineer's estimate for the subject storm damage repair project are now complete and presented here for your consideration and approval. The work provides for the repair of a February 2000 storm damage site on Highland Way using a bio-engineered earth embankment (layered soil and willow cuttings) along with new drainage facilities.

The engineer's estimate for this work is $103,000.00 not including contingencies or administrativ costs. Sufficient funding for the project is included within the proposed 2003/2004 Road Budget.

n order to allow sufficient time for the administrative process involved between the time of bid op ling and contract award, and to provide for the largest potential number of bidders during this heavy construction season, it will be necessary to open bids prior to the first available Board meeting in August 2003. Public Works is therefore requesting that the Board allow the opening of se ed bids for the subject project in the office of the Director of Public Works on July 15,2003. The resultant low bid would then be returned for the Board's acceptance on August 5, 2003. It would be Public Works' intention to request authorization to award the project to the low bidder on tha ame Board date.

is therefore recommended that the Board of Supervisors take the following action:

. Approve the plans, specifications, and engineer's estimate and authorize calling for bids for the Highland Way, P.M. 6.90 Storm Damage Repair Project.

2. Adopt the attached resolution providing for the bid opening for the subject project to take place in the office of the Director of Public Works at 10:45 a.m. on July 15,2003.

3. Direct the Clerk of the Board to advertise a Notice to Contractors for a ten-day period beginning June 15,2003, in accordance with the provisions of Public Contract Code Section 20392.

Yours truly,

THOMAS L. BOLICH
Director of Public Works
