BOARD OF SUPERVISORS
County of Santa Cruz
701 Ocean Street
Santa Cruz, CA

FLOOD MAP PROJECT

Dear Members of the Board:

The Federal Emergency Management Agency (FEMA) has invited the County to apply for federal assistance funds to participate in a review process of their project to modernize the federal Flood Map from a paper to digital format. This is a nation-wide effort, and FEMA is inviting local jurisdictions to participate in the review process to ensure accuracy.

The Geographic Information Services (GIS) Section, in collaboration with the Planning Department's Floodplain Manager, will conduct a Quality Assurance/Quality Control (QA/QC) review to confirm that the new Digital Flood Insurance Rate Map (DFIRM) agrees with the paper version with regard to floodplain boundaries, road and floodplain relationships, cross sections, topographic features, Base Flood Elevations, regulatory floodway widths, among other specifications. The County will produce for FEMA a summary report that describes and provides the results of all automated or manual QA/QC review steps taken during the preparation of the of the DFIRM. The GIS Manager has estimated the cost of the review services to be $13,792.

It is therefore RECOMMENDED that your Board authorize the Information Services Director to apply for federal assistance funds in the amount of $13,792, to sign the agreement, and to execute any administrative revisions to the agreement that may be required to complete the FEMA Digital Flood Map Project.

Very truly yours,

Cuong Nguyen
Information Services Director
