SANTA CRUZ COUNTY BOARD OF SUPERVISORS

701 Ocean Street
 Santa Cruz, California 95060

SUBJECT: ROAD BUMPS ON KINSLEY STREET, KINSLEY STREET IMPROVEMENTS
 17TH AVENUE TO LISA LANE, LIVE OAK

Members of the Board:

The Kinsley Street Improvements project is currently under construction and nearing completion. The plans, which were approved by your Board on April 26, 2005, included three road bumps to be installed as part of the project. Residents have recently submitted an application to install four road bumps (rather than the three as shown on the approved plans) as part of the project. The residents have also submitted a petition of affirmation with a 79 percent approval rate as calculated by the Public Works Department and the proposed location of the road bumps, which are shown on the attached map. Our department has determined that the petition has sufficient signatures for further processing and hereby submits the attached resolution to the Board of Supervisors for its consideration.

The Road Bump Policy requires letters from the local school and fire districts stating their position regarding road bumps on the affected street. The Live Oak School District supports the installation of road bumps on Kinsley Street. The Central Fire Protection District opposes the installation of road bumps on Kinsley Street because of the increase in response time.

The residents of Kinsley Street have complied with all the provisions of the policy, and the street meets all the eligibility requirements for placement of road bumps. The policy requires approval by the Board of Supervisors prior to placement of the bumps. The bumps will be installed as part of the Kinsley Street Improvements project, which is funded by the Redevelopment Agency.

It is therefore recommended that the Board of Supervisors adopt the attached resolution authorizing the placement of four road bumps on Kinsley Street between 17th Avenue and Lisa Lane.
